NUMBER 298.

IN THE LOWER HOUSE.

Some Congressional Districts Are in the Doubtful Column.

GOVERNOR ODELL IS RE-ELECTED.

Republicans Claim Result in Doubtful Districts Will Not Interfere With a Working Majority in Next Congress.

Washington, Nov. 5.—Although the returns from the doubtful congressional districts were slow in arriving, the indications are that the Republicans would control the next house of representatives by a narrow margin.

In the present house, with a membership of 357, the Republicans have 41 majority. Under the new apportionment the Fifty-eighth house will consist of 386 members, a majority of which is 194.

The 13 southern states, not counting West Virginia, but including Missouri, have 125 representatives. The Democrats have carried 116 of these districts and the Republicans probably five, two in Tennessee, one in Kentucky and two in Missouri, with two in North Carolina, one in Virginia and one in Alabama doubtful, according to the latest returns. To obtain a majority in the next house it was necessary, therefore, for the Demo-

cratic nominee ran 18,000 ahead of his ticket in New York city, would seem to indicate the latter's election, but it may take the official canvass to decide the matter. In the case of Mr. Cowan, the Republican candidate for attorney general, almost the same condition prevails, it not being possible to determine as yet whether the Prohibition ballots upon which the name of John Cunneen, the Democratic nominee was printed, were sufficient in number to elect Cunneen. This also may have to be determined by official count. While the Democrats have gained three and possibly four members in the senate and about 15 in the assembly, the legislature is safely Republican, insuring the election of a Republican to succeed United States Senator Platt.

MICHIGAN.

Detroit, Nov. 5.—The revised returns that are being received show a total vote for Bliss of 47,414, and for Durand, (Dem.) 14,650, giving Governor Bliss a plurality of 32,764. Governor Bliss ran 11,870 behind Fred M. Warner, Republican candidate for secretary of state, according to the returns, which, when completed, will lower Governor Bliss' plurality a trifle more, it is expected. Durand made a particularly strong run in Wayne county, which he carried by nearly 10,000. The legislature will be made up as follows: House, Republicans 90; Democrats 9; one district in doubt. Senate, Republicans 29; Democrats 2; one district still in doubt. In the First congressional district Alfred Lucking, the only Democratic congressman elected from Michigan, has a plurality of 3,523, with 11 precincts still to be heard from.

INDIANA.

Indianapolis, Nov. 5.—The Republican state committee claim 100 of the 150 members of the Indiana legislature and said that Senators Fairbanks would be re-elected by the largest majority Indiana has given any senator since the civil war. Unexpected gains were made and the legislative committee said they got every vote for Fairbanks that the committee had hoped for except Charles B. Rogers of Shoals for joint senator for Orange, Martin and Lawrence counties, where factional fights lost him every one of these counties. The delegation in congress will remain as at present, nine Republicans and four Democrats. The Republicans claim the state by about 30,000.

MISSOURI.

St. Louis, Nov. 5.—While complete returns from all parts of the state have not been received, they show the election of the Democratic state ticket, a safe Democratic majority in the legislature that will select a successor to United States Senator G. G. Vest, and the election of 15 Democrats out of 16 congressmen. Hon. Richard Bartholdt, who was re-elected to congress from the Eleventh district, was the only successful Republican candidate. It is not believed that complete returns will change the result in any manner. The Democratic majority in St. Louis on the state and city tickets will be in the neighborhood of 7,000.

MARYLAND.

Baltimore, Nov. 5.—Though the count has not been officially declared and will not be actually announced for two or three days, it is known that the Republican majority in the state of Maryland is very near 8,500. In the Third congressional district there is one precinct in dispute by the Democratic nominee, but even with his claim conceded, the Republican candidate is elected by 100 majority, thus giving Maryland four Republican and two Democratic representatives, a gain of two for the Democrats.

IOWA.

Des Moines, Ia., Nov. 5.—The Democrats succeeded in electing one congressman in the state of Iowa for the first time in eight years, Judge Martin J. Wade, defeating the Republican candidate, Hoffman, by 800 plurality. Birdsall, (Rep.) in Speaker Henderson's district, received 5,000 plurality. The Republican plurality for the state ticket will exceed 70,000. Returns are coming in slowly.

COLORADO.

Denver, Nov. 5.—The result of the election as to the state ticket is still in doubt. The Republicans claim that Peabody is elected governor by 8,000 to 10,000 plurality, while the Democrats claim that Stimson has a plurality of 2,500 over Peabody. The Democrats will have a large majority on joint ballot in the legislature, insuring the re-election of United States Senator Teller.

in Hamilton County.

Cincinnati, Nov. 5.—The plurality in Hamilton county for Laylin (Rep.) secretary of state is 27,547; Nippert, (Rep.) for probate judge had a plurality of 29,300. The vote in Cincinnati was 15 per cent less than the registration and for secretary of state falls 7,172 votes short of the vote for governor a year ago.

Republican State Ticket Sweeps Ohio From End to End.

LAYLIN'S MAMMOTH PLURALITY

Hamilton County Turns Down Bigelow and Adds to the Republican Victory—Ohio's Congressmen.

Columbus, O., Nov. 5.—With more complete returns the Republicans say their plurality on the state ticket will approximate 100,000, and that the Ohio congressmen stand 17 Republicans and 4 Democrats, as in the last congress. The pluralities in all of the four Democratic districts were greatly reduced and in the Republican districts increased. The only changes were in the Twelfth and Thirteenth districts, and they offset each other. The Democrats gained the former by electing Judge DeWitt C. Badger over Cyrus Huling and lost the latter by the defeat of Dr. James A. Norton, who has been in congress

SECRETARY OF STATE LAYLIN.

many years. The complete returns from the Thirteenth district give Jackson a plurality over Norton of 347. The contests were not close in other districts and the net results leaves the Ohio delegation the same as in the present congress.

The Republicans carried 62 out of 88 counties in Ohio.

Garber's Statement.

Harvey C. Garber, chairman of the Democratic state committee, gave out a statement in which he says: "In Hamilton county, last year the honored and gallant veteran soldier, Colonel James Kilbourne, as the Democratic candidate for governor, made the Republican precincts of Cincinnati Democratic by 1,000 votes, and Louis G. Bernard Tuesday made the Democratic precincts there go Republican by 7,000 votes. Both John R. McLean and Bernard have resigned their commissions as Democrats. The next convention will undoubtedly accept the same."

The statement of Henry C. Garber, chairman of the Democratic state committee and Congressman-elect, charging John R. McLean and his followers, headed by Lewis G. Bernard of Cincinnati with the Democratic defeat, has caused sensational agitation, since Chairman Garber follows up his charges by stating that Mayor Johnson and his friends had the organization of the Democratic party everywhere except at Cincinnati and that they would seek to secure the control of the Hamilton county committee this year. It has been recognized that Johnson was the opponent of McLean for the Democratic caucus nomination for senator and of Hanna for election as senator next year and therefore the Democratic national nomination the following year. The declarations of Garber are accepted as meaning that the friends of Johnson will contend for supremacy in the organization, at least until after the next Democratic national convention.

Returns indicate the Republicans have elected 17 congressmen out of 21 in Ohio and the Democrats four. Following is the list:

First district—Nicholas Longworth, Rep.

Second—H. P. Goebel, Rep.

Third—R. M. Nevin, Rep.

Fourth—H. C. Garber, Dem.

Fifth—J. S. Snook, Dem.

CLASPED IN DEATH.

Minister and Young Lady Found Dead in Loving Embrace.

Omaha, Nov. 5.—Rev. William C. Rabe, pastor of the German Baptist church, and Miss Augusta Rush, a young lady living in that neighborhood, were found dead in a vestibule in the rear of the church auditorium. The two bodies were locked in embrace and the gas jets were turned on, but not burning. The Rev. Rabe was 65 years of age and a prominent minister. Miss Rush was about 28 years old and was missionary pastor of the church. She came here some years ago from the missionary college of Chicago. She did not return to her home as usual and the janitor of the church at whose home Miss Rush lived, started in search of her. In the pastor's room at the rear of the pulpit Bernies discovered the dead bodies of the pastor and the young woman, and the room filled with illuminating gas. A gas stove was turned on full force, as were also several gas jets. The coroner was immediately notified and took charge of the bodies and will conduct an investigation. It is believed to be a case of double suicide. Rev. Rabe leave a widow in this city and has a son living in New York.

REMAINED WITHOUT BAIL.

Developments May Lead to More Serious Charges Against Mason.

Cambridge, Mass., Nov. 5.—Alan G. Mason, who was arrested on suspicion of having committed an assault upon Miss Clara A. Morton in Waverly last Saturday night, causing Miss Morton's death, was held for further hearing on the charge. It was understood to be the intention of the police to release the man, as they had been unable to make out a case against him. But it is claimed that new phases brought to light warranted a change in procedure. Mason was remanded without bail.

Coler Concedes Nothing.

New York, Nov. 5.—At the Democratic headquarters in Brooklyn, Bird S. Coler said to a number of reporters present: "I think, personally, it would be a good thing to watch the official count up state closely. Why don't they distribute McCullagh men up there as well as here in Greater New York. Suppose the Democratic ticket had received, say in the neighborhood of 150,000 majority in Greater New York, there was nothing to have stopped the Republicans from claiming the upper section of the state by at least 200,000. What the Democratic party needs up the state is tried and true material, who look carefully after the party's interests. I don't mean by anything I have said, either last night or this morning, that I in any manner concede the election of my opponent. I want to wait for the official count for my latest advice are that the vote is very close. I am hopeful of receiving news that will put a new complexion on affairs in the state." John A. Mason, secretary of the state committee, speaking for the committee, issued the following statement: "We concede nothing. Odell's election is simply a claim, but we will not admit his election until every defective ballot or alleged defective ballot has been scrutinized and every vote that of right belongs to our party is counted. The alleged defective ballots uncounted for the Democratic ticket by Republican inspectors are more than enough to elect Coler. We have evidences of wholesale debauchery and corruption in Orange, Oneida, Albany and Erie counties and in the cities along the line of the New York Central railroad."

Cuyahoga Complete.

Cleveland, Nov. 5.—Complete returns from this, Cuyahoga county, give Laylin (Rep.) for secretary of state 33,886; Bigelow, (Dem.) 36,247; Bigelow's plurality 2,356. The Republicans elect Winch for circuit court judge; Kennedy, common pleas judge; White, probate judge; Berry, sheriff; Keeler, prosecuting attorney, and Evans, county surveyor. The Democrats elected Lawrence, Beacom and Tilden as common pleas judges; Salen, clerk of court; Mackenzie, commissioner; Stage, solicitor; and Burke coroner. Beldier (Rep.) for congress in the Twentieth district, with one precinct missing, received a plurality of 3,447. Complete returns from the Twenty-first district give Burton (Rep.) a plurality of 7,622.

Wild Election Night.

Detroit, Nov. 5.—Patrolman George A. Schoof is suffering from concussion of the brain and several other police officers are less seriously injured as the result of a wild election night demonstration by an unruly mob of 2,000 boys and men that paraded the streets of Detroit during the evening.

New York, Nov. 5.—Edward S. Bragg, formerly United States consul general at Havana, and who was recently transferred to Hongkong, has arrived here from Cuba.

TERRIBLE ACCIDENT.

Premature Explosion of Fireworks Horribly Mangles Spectators.

TWELVE KILLED, SEVENTY-FOUR HURT

Dynamite Bombs Explodes in a Crowd Watching Election Returns With Awful Results. Eight Men Are Arrested.

New York, Nov. 5.—With a list of 12 persons killed and 74 injured before him, Coroner Scheler has inaugurated an investigation of the explosion of fireworks in Madison Square election night. Eight men already have been locked up, charged with criminal neglect and the coroner has issued a warrant for the arrest of John Dimundio of Coney Island, who is alleged to have been in charge of the fireworks. "It is a case of absolute criminal neglect," said the coroner. "One of the mortars was set off and it was pointed at a row of other mortars in a line. There was a defect in the bottom of the mortar and it leaned toward the others which were set off by the fire ball thrown toward them."

District Attorney Jerome, who was at the Union club in Fifth avenue, not far from the scene of the explosion, hurried to the scene and after investigation ordered the arrest of those in charge of the fireworks. He had the prisoners taken to police headquarters with the unexploded fireworks. Inspector Brooks of the police department also ordered the arrest of the manufacturer of the bomb, but he has not yet been found.

The district attorney said: "Dynamite bombs should not be allowed in such a public place. I have no doubt that a permit had been issued for the exhibition, but a rigid investigation will be made. Steps will be taken to prevent anything like this occurring in the future."

A list of the dead follows: Patrolman Dennis Shea of the Brooklyn bridge squad; William G. Fenney, 12 years old, nephew of Major W. H. Buck of this city; Harold Roblee, 12 years old, son of Milton Roblee, proprietor of the Bartholdi hotel; Nathaniel Bingley, 13 years old; Joseph Arber, 21 years old; five unidentified white men and two unidentified colored men.

The scenes at the hospital and at the morgue, following the terrible crash after the explosion in Madison Square were beyond description. It is estimated that 50,000 persons were in the square at the time. Probably 20,000 of these were massed around the point where the explosion occurred and while they were scrambling to reach places of safety, knocking one another down and falling over parw benches, 30,000 others were cheering from the other side of the park, while they were viewing the election returns which were thrown upon a screen before the new sky scraper known as the "Flat iron building. The persons in this portion of the park apparently were elated over the returns and supposed the explosions which rent the air were a part of the program and were totally unaware of the tragedy being enacted so near at hand until a detachment of police forced their way through to make room for the passage of the men bearing the mangled remains of their comrade, Patrolman Shea. Instantly a terrible calm swept over the crowd and all interest in the returns immediately died out.

Porto Rican Election.

San Juan, P. R., Nov. 5.—There were no serious disorders anywhere in Porto Rico. The election which resulted in a sweeping Republican victory, passing off quietly. This was due to the fact that Governor Hunt sent 22 special representatives covering the whole island with plenary powers to adjust differences summarily. Frederico Degeteau was elected resident commissioner at Washington by a large majority. The Federals have 10 delegates in the legislature and the Republicans 25. Fraud was charged everywhere and the government has promised prompt prosecutions.

New York, Nov. 5.—Congressman Overstreet of Indiana, secretary of the Republican congressional committee, said that the Republicans would have in the next house of representatives at least 206 members, probably 208, and possibly more. Republican gains, he said, were reported from Colorado and Republicans in the Eighth Tennessee, Ninth Virginia and Seventh Alabama were claiming the victory.

Washington, Nov. 5.—Chairman Griggs still claims the election of a Democratic house by 12 majority. He claims the election of two Democrats in Rhode Island.

BENJAMIN B. ODELL.

grats to secure 78 votes in the north and West. In this territory they have at present 52 representatives. The latest returns indicate that this strength has been held, with the exception of one seat from Idaho, Montana and Nevada, and as to these states the returns at this hour are not conclusive. Adding 49 to 116 gives the Democrats 165.

ODELL RE-ELECTED.

Republican Majority is Much Reduced in Empire State.

Albany, N. Y., Nov. 5.—Since Roswell P. Flower, in a Democratic landslide defeated J. Sloate Fassett for governor in the face of Republican claims for an easy victory, there has not been such an overturning of votes from the Republican to the Democratic party in this state, as that which occurred Tuesday.

With the exception of Erie, Albany and Renssler counties, every Democratic prediction of sweeping majorities was carried out and amplified. Especially was this true below the Bronx. The claims of 152,000 for the Greater New York district were more than verified, but the claims of Erie, Albany and Renssler were responded to and the failure to realize Democratic hopes in these counties removed all chance of Coler's election.

The figures, both in totals and in details, are extremely interesting. With a registration four per cent below that of two years ago, the Democratic party in the Greater New York district showed a gain in voting power in a majority of the counties of over 40 per cent and this tremendous gain was met and defeated by the Republicans averted by the above quite remarkable fact that several of the Republican up state counties gave Odell larger pluralities than in 1900, while several others equalled their pluralities of that presidential year. Over its combined vote in the state two years ago, the Democratic party gained at least 35 per cent and the Republican party lost 40 per cent. From a plurality of 111,000 Odell drops to below 10,000, a loss of over 100,000.

On the face of the returns, while Judge Werner, the Republican candidate for judge of court of appeals, has run ahead of his ticket in many of the counties of the up state. The fact that Judge Gray, the Demo-

Republicans who monkey with a buzz saw must expect to get hurt.

It should not be forgotten that the Hon. John W. Yerkes spoke in Greenup.

The Republicans swept Utah. The Mormons seem to know who are their friends.

Wonder what the Republican editors of this district think now of the "religious racket?"

Mr. Castner of Rush is a wiser Republican now, if not quite as wealthy as he was a week ago.

The editor of the Ledger has probably found out ere this that that Brookeville affair was loaded.

NEVADA elected a Democratic Governor, and the returns indicate that "Little Rhody" did as well. Thanks for small favors.

It is reported that \$1,000 of Mr. Castner's good money was distributed in Mason County. And just gaze on Kehoe's 1070 majority.

The day Mr. Castner was nominated for Congress, a prominent Republican of Maysville remarked, "He's the weakest one in the bunch." Recent developments tend to corroborate that statement.

The Republicans ought to try and scare up something new for their next campaign. They've worked that ancient Lewis County affair and the religious racket against Jim Kehoe twice too often.

Manchester Township went 150 Republican, except Dr. Stephenson, Democrat, who has sixty-six majority. Adams County is Republican on the whole ticket, except Clerk and Treasurer, by more than 400.

With the McLean crowd fighting the ticket, and that means a big thing in Ohio, Tom Johnson and his man, Rev. Mr. Bigelow, never had any chance to win. But Johnson serves notice that the war isn't over yet.

The editor of the BULLETIN was so anxious to have an election for members of the Board of Education, that it is hoped he is now satisfied.—Public Ledger.

The desires or wishes of the editor of the BULLETIN, like "the flowers that bloom in the spring," had nothing to do with the case. His attention was called to the fact that the vacancies had to be filled at this week's election, and he gave that fact to his readers.

ASHLAND has decided to substitute a modern fire department for the old-time system of fighting fires. Maysville should follow suit, and may do so at an early day. At the meeting of Council this week, Mr. Keith called attention to what the city is now paying annually to the volunteer companies, and suggested that the matter be investigated with a view of substituting a system that would be up-to-date.

HEAPS OF TROUBLE.

The Grayson Leader arraigns the State Board of Health for illegally quarantining "a whole county" against an imaginary cattle disease. It flatly declares that the cattle (about four in number) died from eating green corn which was loaded with black smut. The board, however, said it was "anthrax" that killed the cattle, and, statutorily, anthrax it must be. The county must be quarantined, and the mountain herds vaccinated by the official vets.

This is bad enough, but the industrious guardians of the public health are, also, getting into trouble at the other end of the line. A subsidiary health board has run afoul of a County Judge. A special telegram from Paducah (Nov. 3) says:

"County Judge Lightfoot, in a case against Theodore Luttrell, charged with refusing to have his children vaccinated in response to an order from the County Board of Health, to-day decided that the Legislature had no power to impose penalties for violating rules of the Board of Health. The County Board of Health issued an order some time ago, and some of the farmers are very much excited. Some of the children are so frightened that when they see a stranger coming they run."

Among the FURS

We've sold furs long enough to be able to advise our customers to bank their money rather than spend it on trashy furs. On the principle that only the best is good enough we have bought furs more conservatively, as to quality, than ever before. It seems useless to print prices, they mean so little until you have the garment to compare with them—but we name a few as an index of the stock. You will see we have ranged prices so every woman in Maysville and vicinity will feel within reach of some of these fur comforts. Electric Seal Cluster Scarfs \$1.25 to \$2.75. Brown or Black Opossum Cluster Scarfs \$3.25 to \$5. Genuine Sable Cluster Scarfs \$12.50. Black Badcoon Cluster Scarfs—with long tails—\$7 to \$12. Hudson Bay Fox Cluster Scarfs—eight tails—\$10. COMBINATIONS AND THE PEOPLE.

Here is what Russell Sage, the Wall street banker and capitalist, has to say of the trusts:

"Combinations of industries are a menace to true government. Not only so, but they are the oppressors of the people. If they continue to organize and grow greater there will be financial ruin, the like of which this country has never seen—or any other.

"There are times, to be sure, when combinations are not only a good thing, but are to be commended. When several industries are starting out in business it is well for individuals to combine for mutual protection until the business is firmly established. When the business is so established the combination should be disrupted and conducted on individual lines. Then if one individual became embarrassed it would not mean the wrecking of the industry. I believe it is best to have such industries divided among several individuals than combined into one great combination, the embarrassment of which would mean the ruin of all."

TRUSTS' EXTORTIONS REACH BILLIONS OF DOLLARS EACH YEAR.

Hon. Champ Clark, member of Congress from Missouri, puts it thus:

Some Americans wonder how the American manufacturers can beat the foreigners in their own markets, underselling the Germans in Berlin, the English in London and Liverpool and the French in Paris, and yet have to be protected here at home by a high tariff wall. When Frank A. Vanderlip wrote his widely quoted article on "The American Invasion of Europe," showing that American manufacturers can go into free trade countries and "protected" countries alike and distance all competitors, it was read by millions of people. It started a long train of articles and editorials of the same character in magazines and newspapers. It made Americans proud of America's achievements, but it did more than that—it awakened every thinking man, even in the Republican party, to the knowledge that American industries that can beat the opposition on its own ground certainly do not need "protection" here at home, and that the only possible use such a tariff can have is to enable the trusts to milk the people here at home of large sums of money—billions of dollars each year.

MASON COUNTY CRIMINAL

Figured in the Earliest Record Obtainable at the Frankfort Penitentiary.

The earliest record obtainable at the Frankfort penitentiary of an incarceration there is that of a man from this county. Mr. Joseph Lane handed the BULLETIN the following as an exact copy of the record:

The Commonwealth of Ky., Plaintiff, against Geo. Jones, Defendant, upon an indictment. The prisoner was led to the bar in custody of the Jailor of Mason County and was arraigned upon the indictment hereto, and plead not guilty thereto; and for his trial put himself upon his country, and the attorney prosecuting for and on behalf of the Commonwealth doth likewise, and, thereupon came a jury, to-wit: Baldwin B. Gill, Morgan B. Strode, Reuben Case, Abner Child, Isaac Dye, Thos. Small, Unah C. Singer, Lewis Bryant, Miller Wilson, Benj. Kirk, Peter A. Claybrook and Thos. Cushman who being sworn well and truly to speak of and upon their promises upon their oaths to say, "We the jury and George Jones guilty of the charge contained in the within indictment, and do sentence him to confinement in the jail and penitentiary of the Commonwealth of Kentucky for the term of four years; and it is ordered that the Jailor of Mason County take the said prisoner to the jail of said county and keep him, the said prisoner, until the Sheriff of said county shall take him to the penitentiary, which shall be done as soon as practicable.

Mrs. Sallie V. Baldwin has qualified as guardian of Addison L. Baldwin and Lucy R. Baldwin with W. W. Baldwin surety.

In the Franklin County Court Wednesday Detectives Harding and Armstrong, of Louisville, presented a claim for the \$1,000 reward offered by that county in 1900 for the apprehension of the murderers of Wm. Goebel. They base their claim on the conviction of Henry Youtsey, now in the State prison under life sentence.

Tracklaying has commenced on the C. and O.'s Big Sandy extension. This extension will open up to the outside world one of the finest coal fields known. An immense force of men is at work grading all along the surveyed line, and the steel laying crew will follow them right up, enabling cars to run right along up the valley.

The change in the political complexion of the Court of Appeals brought about in this week's election will make the court Democratic in its members by five to two. It means the displacing of the Republican officers of the court. The election of three Circuit Judges to the higher court makes as many places in Judicial districts to fill.

RIVER CONVENTION.

More Than 1,000 Delegates Expected at the Parkersburg Meeting to Consider Improvement of the Ohio.

PARKERSBURG, W. VA., Nov. 5.—More than a thousand representative delegates are expected here from every section of the Ohio valley on the eleventh and twelfth to attend the meeting of the Ohio Valley Improvement Association and to join in the general demand for immediate action by Congress in the matter of damming the Ohio river.

When a representative gathering of business men, representing the millions of persons in the great Ohio valley, make a simultaneous demand upon Congress for the improvement of the river it is thought it will be an appeal which Congress can not ignore. This is no treasury raid. It is merely the immediate carrying out of the plans already made for the improvement of the Ohio. Instead of building a dam at a time and spreading out the work over half a century or so, Congress will be asked to make available funds for the construction of all the proposed dams at once, so that the present generation may derive the benefits from the improvement.

It is estimated that ten years time with an appropriation of \$25,000,000 would complete the work and give nine feet of water in the Ohio all the time. Arguments will be presented at the meeting in behalf of the immediate prosecution and completion of the work and the advantages it would be to every town along the river will be set forth.

Senators, Congressmen and other distinguished men are expected to be present and take part in the meeting, which will be one of the greatest importance to the entire valley.

THE BEE HIVE

What is a Skirt?

Stop and think. Have you been wearing something all your lifetime and can't tell what it is? We are sure that everybody knows one when she sees it. WE KNOW that the majority of ladies can tell a stylish skirt. WE KNOW that the majority of ladies can tell the good and bad quality of skirts. WE KNOW this because more ladies buy skirts here than any where else. WE KNOW this because we sell MORE SKIRTS than all the other stores combined. In Daniel Webster's "Talk On Skirts," he didn't say anything about flounces, kilts or plaits.

BUT WE DO!

WE SAY "FLOUNCE SKIRTS are not stylish this season"—therefore you will not find any in our stock. WE SAY kilts and plaits are all the go, and we are showing a large variety of these in styles and prices. Follow the crowd to the only modern skirt department in Maysville. Buy your skirts where grace and beauty lie. A well-fitting skirt is the best advertisement for any store. It's our aim and pride to dress you well.

At Any Price Our Skirts Are Right!

SCALDED TO DEATH.

Frank Thornton, a C. and O. Fireman, Killed Wednesday by an Accident at Foster.

The eastbound C. and O. train due here at 10 a. m. was over an hour late yesterday, the delay being caused by an accident at Foster, resulting in the death of the fireman, Frank Thornton.

The arch plug of the boiler blew out, the escaping steam and hot water scalding Mr. Thornton so badly that he died three hours later.

Thornton's home was at Mentor, and he leaves a wife and two children.

"East Lynne."

If you stop to think of it, you will find some beautiful old plays that like Tennyson's brook seems destined to go on forever. Think how many times Jefferson has played "Rip Van Winkle." Count the thousands that have gone to see "Camille." Everybody goes at least once in his life to see "Uncle Tom's Cabin." It is the same with "East Lynne." There is a nameless fascination about the old play that brings the theatre-goer again and again to see it. Poor foolish Lady Isabelle and her woes hold one spell-bound until the curtain falls upon her lying dead. "East Lynne" will be seen here on Monday, Nov. 10th, at the Washington. Seats on sale Friday morning at Nelson's.

"DEVIL'S AUCTION."

The Audience at the Opera House Last Evening Got Their "Money's Worth"

Maysville theatre-goers have the reputation of being hard to please, but from the satisfied expression on the faces of all who saw "Devil's Auction" last night, for once, at least, their appetites for high-class entertainment were thoroughly satiated.

In the opinion of the writer this production is about the best thing that ever happened in Maysville. There is no denying the fact that there was much to be seen that is fair to look upon. The ladies of the company seemed to take especial care that their personal charms should not go unnoticed, and indeed it would have been difficult to unobscure the extraordinary display of nature's chief adornments.

The scenic effects were, without doubt, the finest ever shown here and the mechanical features were something wonderful. The specialties, of which the piece abounds, were all of the very highest class, and the costuming was as fine as silk (we use the word literally) could make it. The only thing to be wondered at is how so many good features could be crowded into three hours' entertainment.

The house was comfortably filled, "society" coming out in full force for the first time this season. The applause was generous and continued, extending from box to gallery.

Beverly Sullivan, of the First ward, was arrested Wednesday on the charge of attempting to brutally assault a six-year-old girl named Case. The offense was committed election night. His examining trial is set for 2 o'clock this afternoon in the Police Court.

Patrons of the Washington Opera House ask a more rigid enforcement of the rule against wearing hats during the performance. The local managers have become lax in this respect of late. Church Myall and Ed. Richeson were up against the evil last night and are suffering from stiff necks as a consequence this morning.

If you want to purchase the purest and best goods on earth go to G. W. Rogers & Co., 127 Market street, where you will find old Bourbon and rye whiskey, apple and peach brandy, California brandy, malt gin, California port, sherry and Maderia, K. I. sweet Catawba and dry Catawba wines &c. We guarantee all of our goods to be strictly pure.

JUMPED TO HIS DEATH.

Man Leaps From a Building and Is Instantly Killed.

Chicago, Nov. 5.—L. Atoline, 30, jumped from the roof of a 4-story building and was instantly killed. For five minutes the man stood at the edge of the roof and harangued the crowd below, but could not be understood. By his actions, he made known his intention of making the death leap, and persons in the street called to him to desist.

Then an attempt was made to distract the man's attention, until he could be taken in custody. Several citizens endeavored to reach the roof before the man carried out his purpose. Apparently anticipating this movement, Atoline gave one look behind him, then uttering a scream, jumped to the street. The body struck in the midst of the crowd and several persons narrowly escaped being struck by the falling form. Atoline was married and lived in the building from which he fell. His family believe that recent worry had unbalanced his mind.

Fought Over Election.

Helena, Mont., Nov. 5.—William Humphrey was instantly killed, George E. Hurd crippled for life and J. Dorr and David White received wounds in the feet and legs as the result of a shooting scrape at Glasgow. Humphrey and J. R. Stephens had some words over the result of the election, whereupon both men drew guns and began shooting. The room was crowded and the injured man had little chance to escape. Stephens surrendered to the sheriff.

It is now asserted that he has been complained to the ministers of the condition of Ireland and that the appointment of a new permanent secretary has been made in deference to his wishes. These rumors are accompanied by forecasts of a complete revision of Secretary Wyndham's land bill and the semi-official announcement that the king will visit Ireland in semi-state in the spring.
